BUSSING & TRANSPORTATION:

- The only students who are to come to school during the testing week are students who are taking a test that day or have scheduled BOCES classes.
- Regular busses will run in the morning and at 2:30 P.M. In addition, there will be a mid-day bus that ***will take students home*** at 11:30 P.M. This ***midday bus route will NOT pick up students*** for afternoon exams!
- Students who only have afternoon exams can either take the morning bus (they will have a study hall during the morning exam period) or arrange their own transportation in order to be here prior to the noon exam start time.
- Students arriving to school after the 8AM exam start time **MUST** enter through the gym and go straight to the cafeteria.
- Students are required to be in their testing rooms for a minimum of 2 hours. After that, they can leave with teacher permission and go directly to the cafeteria. If they are done testing for the day and have an arranged ride home, they are to leave campus.

DO STUDENTS IN THE BOCES PROGRAM GO TO BOCES DURING THE EXAM WEEK?

- Rondout students who attend BOCES programs should come to school and take the bus to BOCES as they normally would unless they have an exam that day. The BOCES program has required seat time and attending when possible helps students to meet those requirements.

WILL THERE BE MAKE-UP EXAMS IN THE EVENT OF A SNOW DAY?

- Regents exams are **not** made up if they are cancelled due to a snow day. The midterm examinations, however, will be made up on Friday January 29, 2010 if there is a snow day earlier in the week.

WHAT HAPPENS IN THE EVENT OF A TWO HOUR DELAY?

- In the event of a two hour delay, the school will have both morning exams and afternoon exams. The morning exams will begin at 10 AM and the afternoon exams will begin at 1 PM. There will **NOT** be a mid-day bus run in the event of a two hour delay. If there is a 2 hour delay, students taking afternoon exams will take the 4:15 bus home.

ARE ALL MIDTERM EXAMS GIVEN DURING THE WEEK OF JAN. 25 – 29?

- Not all midterms are given during the week of January 25 – 29. Some courses offer the midterms in class in the two weeks prior to the exam period. Only the midterm exams listed on this schedule are given during the exam week. They are given under circumstances to best simulate a Regents exam in order to better prepare students for those eventual exams.
